Your favorite collection has come back again - Prairie Paisley II will be at your shop in the spring of 2012. The red, whites, and indigos of Prairie Paisley have been expanded with a new set of calicoes, paisleys, and shirtings. It has the rich, layered look of a well loved fabric stash - 19th century prints for the home and wardrobe. This Americana grouping, like its predecessor, exemplifies rural sophistication. The second time around, Minick and Simpson have journeyed again to the turn of the last century to bring us a story of American Optimism for a modern age. We hope you love them as much as we do.
